Delivering on our mandate

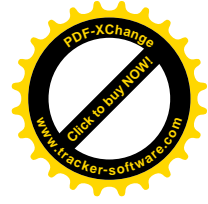

- ✦ CTCN: Operating in service of Developing Country focal points (NDE)
- ✦ Working from INDC/NDC/TNA/NAP/TAP/NAMA
- ✦ Building bridges w/ private sector technology solutions
- ✦ Donor-driven, but with guidance to work with UNFCCC Financial Mechanism
- ✦ Linkages at various levels of collaboration

Clear guidance from Parties

- ✦ From, *inter alia*, UNFCCC Art. 11 para 1 through 13/CP.21
 - ✦ Art 12 para 4,
 - ✦ 3/CP.17 para 17;
 - ✦ 4/CP.17 para 6;
 - ✦ TEC/2014/9 para 24
 - ✦ 1/CP.18 para 62
- ✦ 25/CP.19
- ✦ 7/CP.20 para 8
- ✦ FCCC/SBI/2015/16
- ✦ GCF GI para 38
- ✦ 13/CP.21

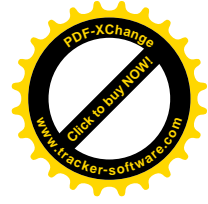

GCF Governing Instrument

✦ Paragraph 38:

The Board shall also ensure adequate resources for capacity-building and technology development and transfer. The Fund will also provide resources for innovative and replicable approaches.

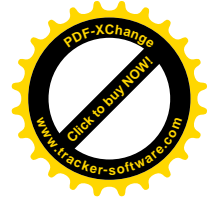

Collaboration with Financial Mechanism: GEF

- ★ GEF-sponsored CTCN Pilot projects
 - ★ GEF: \$1.8M commitment
 - ★ Responding to requests in Uganda, Mali, the Dominican Republic, Senegal and Vietnam.
 - ★ The climate technology centres established under the Poznan Strategic Program are implemented by the Asian Development Bank (together with UNEP), the African Development Bank, the Inter-American Development Bank, and the European Bank for Reconstruction and Development

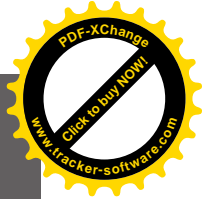

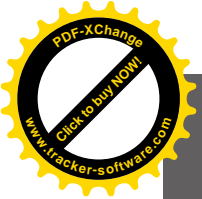

Collaboration with Financial Mechanism: GCF

- ✦ Collaboration on the basis of technical assistance to developing countries via a simplified, streamlined process, conceivably on a pilot basis for innovative and replicable at scale mitigation and adaptation technologies
- ✦ Potential for operational linkages is significant: between the GEF Council/GCF Board/TEC/CTC Advisory Board, UNFCCC/GCF/GEF/CTCN secretariats, and in-country NDA/NDE
- ✦ Pragmatic focus:
 - ✦ Focus on activities that will deliver results <2020
 - ✦ Supports GCF capacity enhancement objectives
 - ✦ Enhances ability of the GCF to deliver on its adaptation targets;
 - ✦ Provides source of reliable funding

Thank you
