

Training workshop for National Designated Entities (NDEs) from Small Island Developing States from the Pacific

19-20 September 2014, Apia, Samoa

Objectives

- To present the CTCN and its services including processes for processing and responding to country requests and the CTCN Knowledge Management System.
- To present roles and responsibilities of NDEs as climate technology champions at the national level fostering (i) collaboration and strengthening networks and partnerships, (ii) information and knowledge sharing and capacity building, and (iii) developing, selecting and submitting country requests to the CTCN.
- To identify NDEs' needs and priorities to enable them to effectively perform their role and enable their countries to benefit from CTCN services
- To provide training on:
 - o Stakeholder mapping, engagement and consultation
 - o Building and nurturing networks at national level
 - o Ensuring alignment between CTCN activities and national plans and policies
 - o Developing and prioritizing requests
 - o Monitoring and evaluating the support received from the CTCN and its impacts
- To identify the priority needs for NDEs to effectively play their role and the CTCN services that can best support countries in fostering climate technology transfer.

Participants (*approx. 25*)

- NDEs or persons who will play an important role in supporting the national climate technology transfer agenda (e.g. CC focal point)
- CTCN Consortium partners

Methodology

- Presentations, group exercises, and group discussions – possibly supplemented by e-courses, and/or webinars in the following months.
- Groups of 4-6 people max.

<p>The CTCN would like to gratefully acknowledge support from the following countries: European Commission, Denmark, Norway, Canada, United States of America, Germany, Switzerland and Japan.</p>
