Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: KWESIGIA MAXIMUS	
Organization: VCCA	Designation: Environment officer
Comments: <p>The workshop was informative as it gave us chance to share our experiences with the experts from Korea who have done some work on waste management in other countries. The examples presented from other countries taught us on how we can handle similar challenges, and especially was excited to hear that that closing the land fill should be just stop dumping as compared to the land fill which we had in mind. I am also happy for the capacity building objective of the project.</p>

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: DR. CATHERINE WANDERA

Organization: Sciences Technology and Innovation Secretariat

Designation: Team leader

Comments:

The project "Strengthening Waste Management Policy Making in Uganda in Response to climate change has two components: (1) Prefeasibility Study involving literature review and Collection of gases from Kiteezi landfill; (2) Capacity Building.

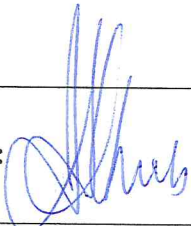

There is need to build capacity in solid waste management practices and ~~processes~~ strategy formulation to ensure effective ~~response~~ solid waste management policy development and implementation in Uganda.

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

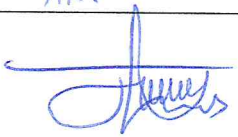

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: Joel Kinobe	
Organization: Makerere University	Designation: Lecturer
Comments: Need to lose of the aspects of Resource Management and Resource Recovery at the landfill with care. Including *Reduction *Reuse *Recycling *Energy Recovery.	
Signature: 	

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: THABOMWE JOHANSON	
Organization: KCCA	Designation: Solid waste management Officer Kuumpe
Comments: Quite an interesting project but below are my concerns: ① what if the gas (GHGs) aren't enough to sustain the project to as specified time, what could be the way forward. ② Instead why do we invest into the conveyor belt system and promote sorting as the waste is conveyed to the final disposal site. ③ In capacity building, why do we support the private companies doing value addition ^(ie recycling & energy recovery) to waste being sorted and move away from collection and dumping as it is currently. ④ Kiteezi to turn into a park after rehabilitation needs total closure meaning KCCA has to move to a new waste disposal site. Thank you.

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: <i>Hamanya Emily</i>	
Organization: <i>KCCA</i>	Designation: <i>Ag. Supervisor - Waste and Environment</i>
Comments: <i>Looking forward to working together on this project.</i>	
Signature: <i>[Handwritten Signature]</i>	

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: <i>KIGANDA DAVID</i>	
Organization: <i>KECA</i>	Designation: <i>Officer Solid waste management</i>
Comments: <i>Not avail budget for sensitization the community / house hold level on the basic best practice of solid waste management and culture of sorting / Segregation of waste at source.</i>	
Signature: 	

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

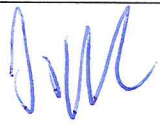

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: Andrew Wilson	
Organization: KCCAT	Designation: solid waste officer
Comments: Let us have a budget for sensitization on waste management (segregation) in communities, this will help us to reduce on the waste which goes to the landfill. There is also need to on how to handle the different types of waste like E-waste, medical waste etc, this will help our community members to have knowledge on handling such waste and also where to take them or whom to take them.

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

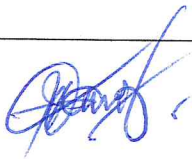

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: KIWERA SADA 0700795513	
Organization: KCCA	Designation: Solid waste management officer
Comments: <p>Its a good initiative but we need more investment and partnership in doing solid waste management sensitization and awareness on Segregation (Sort it) on site.</p> <p>Beauty to the people of Kampala, the amount of waste produced is about 12000 tons per day but we do not have a proper system to handle it. We need to invest in the waste management system and also create awareness on the part of the citizens.</p> <p>I request that, next time increase the number of other chance of partnering with KCCA. We want to partner with KCCA in sensitization and awareness.</p>

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: AGAREY NAMWANZA	
Organization: KCCA.	Designation: SOLID WASTE MANAGEMENT OFFICER.
Comments: Empowering and Informative work shop, however there should be inclusion of Waste Management at generation stage to improve on quality of waste received at Kitezi landfill.	
Signature: 	

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: LUTAYA HENRY	
Organization: KCCA	Designation: ENVIRONMENT OFFICER
Comments: <p>The concept is welcome and very vital in giving an informed decision on the best practices to handle waste generated within the city.</p> <p>The mandate of the Authority is to provide a clean and habitable city to the people of Kampala through strategic urbanization and governing regulations. We have to involve private actor how best they can manage waste from generation to final disposal by applying the best practices. This would require information sharing on how best it has been handled in other countries were success has been registered. This will address the challenges we currently face. I am happy for the opportunity to participate & objective of the project/workshop.</p>

Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 24/Jan/2024 Venue: Golden Tulip Hotel, Kampala

Name: VILENI MUBAHIRIREKI	
Organization: KCCA	Designation: OFFICER LANDFILL MANAGEMENT
Comments: - The workshop was informative and enriching in waste management and sustainable use of landfill. - I have been able to learn about the various technologies in landfill gas harvesting. - However there is need for more funding and strengthening in the areas of local capacity building for private companies. - And also need to fund some research in the waste management sector. - Willing to work with you and offer the support needed.

Kick-off meeting for Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 13/Mar/2024

Name: Cosmas Nankuze	
Organization: Science, Technology and Innovation - office of the President	Designation: Superintendent Industrial Value chains Development
Comments: Had a fruitful kick off meeting. Revisions - needed in Response Plan.	
Signature: 	

Kick-off meeting for Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 13/Mar/2024

Name: Allan Muhumuza	
Organization: Science, Technology and Innovation Secretariat	Designation: Team Leader Mobility
Comments: Address the identified gaps in the Response Plan.	
Signature: 	

Kick-off meeting for Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 13/Mar/2024

Name: Samuel Okodi	
Organization: Science Technology & Innovation Sec.	Designation: Team Lead Infrastructure Innovations
Comments: Made some recommendations for review. Requested to include NEMA among key stakeholders in these meetings.	
Signature: 	

Kick-off meeting for Strengthening Waste Management Policymaking in Uganda in Response to Climate Change

Convened by THE HAMMSOLz CO.,Ltd., GES
Water & Life, Inc.

Date: 13/Mar/2024

Name: Dr. CATHERINE WANDERA

Organization: SCIENCE, TECHNOLOGY AND INNOVATION SECRETARIAT Designation: TEAM LEAD

Comments:

This meeting has reviewed the Technical Assistance Response Plan (Terms of Reference) for the project. There is need to include an economic analysis of potential interventions of on waste management that can spin-off from this project.

I also recommend the inclusion of students of the Environmental Science and Environmental Engineering in the project activities in order to build local capacity.
