

# NO TIME TO WASTE WEBINAR

**TUESDAY 24 AUGUST**  
12.00PM – 1.00PM (AEST)

## **SERIES 3, SESSION 3: CARBON NEUTRAL SOLUTIONS**

In our third and final session in the 2021 series, climate technology and national plans for a carbon-neutral future will be discussed, including:

- Korea's vision to build the foundational elements for a sustainable and carbon neutral society through bilateral and cross-sector partnerships. Investing and supporting green innovations and advanced digital technologies to achieve carbon neutrality by 2050;
- How Australia is well placed to leverage future demand for low emission technologies to support global emissions reductions by strengthening trade, markets and global supply chains.
