¹ At the joint session of the TEC and CTCN held in conjunction with TEC 28 and CTCN AB 23, the TEC and Advisory Board decided to merge the joint taskforces on Artificial Intelligence and Digitalization into one taskforce. The new joint taskforce on digitalization now includes members from the original joint taskforce on digitalization, the TEC activity group on digitalization, and the previous Joint Taskforce on Artificial Intelligence. Following the joint session, a notification was sent to CTCN Advisory Board members, inviting them to confirm their interest in joining the newly merged taskforce.

Monitoring and Evaluation	Conduct an analysis of the monitoring and evaluation systems of the bodies and an overall analysis of the joint monitoring and evaluation indicators for the joint work of the two bodies, with the aim of satisfying the existing reporting requirements.
