Forum for Eastern European NDEs

Virtual Session
27 October 2025

Objectives of NDE Fora

- **Strengthen collaboration and coordination** among NDEs under the UNFCCC Technology Mechanism.
- **Showcase regional achievements** in climate technology transfer and innovation, highlighting lessons from completed and ongoing CTCN Technical Assistances.
- **Foster partnerships** between NDEs, regional institutions, financial mechanisms (GCF, GEF, AF), and technology providers.
- **Support capacity building** for identifying, developing, and financing high-quality, impactful TA requests aligned with national and regional priorities.

Eastern Europe NDE Forum

First Eastern Europe NDE Forum to advance climate technology collaboration and innovation in the region

Dates: tbc (3 days – tentative)

(Timing will be aligned with the outcomes and planning from the October 2025 virtual session)

Venue: tbc

(A country interested in hosting the NDE Forum should submit an expression of interest to the CTCN.)

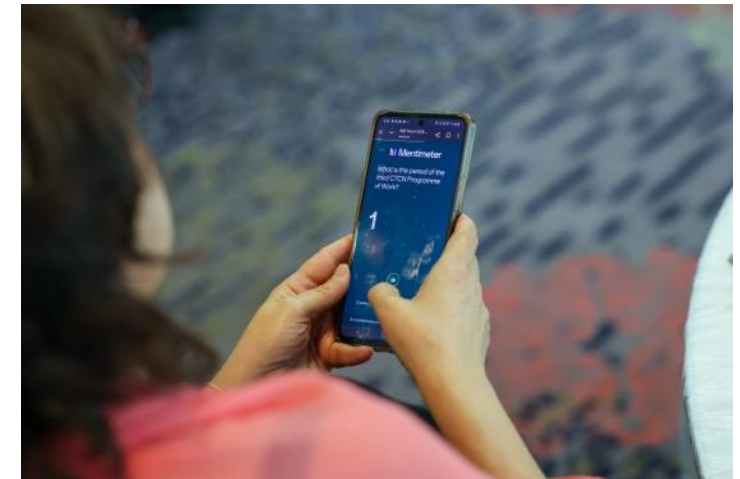

Content:

- Updates from UNFCCC Technology (TEC, CTCN) and Financial Mechanism (GCF, etc.)
- Technology trends and needs across the 5 system transformation areas and 2 enablers
- Cross-cutting issues such as gender and youth
- Regional cooperation and engagement
- Thematic capacity building workshop (topic tbd)

Formats

- Expert presentations with Q&A
- Interactive ideation labs: design sessions for new TA concepts
- Matchmaking and bilateral meetings: NDEs meet technology and finance partners
- Capacity building workshop exercises

**What are your
expectations and
suggestions?**
