

Welcome to the Network Fair

Wednesday, 25th March 2026

2026 Joint Programme:
Africa NDE Forum & Capacity Building

Today's Schedule

Purpose of the Network Fair

The Network Fair is designed to create a more intentional space for engagement and exchange.

- Connect NDEs with relevant technology providers
- Help countries explore solutions aligned with national priorities
- Enable Network Members to showcase expertise and receive feedback
- Foster collaboration opportunities for future technical assistance

Format of the Session

- Each organisation is hosted at a dedicated table
- We will start with a short round of introductions from all participating organisations
- This will be followed by open networking and informal discussions
- Participants are encouraged to move around, connect, and explore potential collaborations

Who is in the room with us

- Around 35 National Designated Entities (NDEs) from Africa
- 2 Advisory Board Members of CTCN and 2 TEC Members
- 8 organizations representing Network Members, prospective members, and local institutions
- CTCN & TEC Secretariat

This session also provides an opportunity for **bilateral discussions**.

NDEs are encouraged to connect not only with participating organisations, but also with CTCN and TEC representatives at their dedicated tables for bilateral discussions.

Participating Organizations – Network Members

Local Network Members

Tunis International Centre for
Environmental Technologies (CITET)

IDEACONSULT

International Network Members

Becquerel Institute

Participating Organizations – Prospective Members

Local Institutions

National Gene Bank (BNG)
