

10. Joint communication and outreach: Technology Mechanism events & engagement at COP 31

United Nations Climate Change
Technology Executive Committee

Bonn Climate Change Conference 2026

- ◆ Advancing the AI for Climate Action initiative through the UNFCCC–KOICA Climate Future Partnership
- ◆ Accelerating industrial decarbonization efforts
- ◆ Strengthening links between technology support, innovation, and adaptation finance with the Adaptation Fund
- ◆ Advancing the Cement and Concrete Breakthrough Agenda through collaboration with the CTCN

United Nations Climate Change
Technology Executive Committee

Outlook for COP31

Technology Mechanism Side Event: Unlocking Partnerships to Scale Climate Technology Action

- Explore partnership models that can connect policy guidance, technical assistance, technology solutions and finance;
- Explore how philanthropy, multilateral development banks and other financing and strategic partners can complement existing support to the TEC and CTCN;
- Generate momentum towards COP32 for a broader and more diversified partnership base supporting implementation of the BTIP and future second Joint Work Programme under the Technology Mechanism.
