Climate Change Adaptation

Technology Transfer priority of LDCF and SCCF Strategy 2026-2030

1

SCCF-B Dedicated Incubator

SCCF-B acts as a dedicated incubator for adaptation technologies and innovative approaches

2

Challenge Program for Adaptation Innovation

Financing pilots in AI, digital tools, climate insurance and accessible microfinance

3

Demonstration to Scale

Successful models are designed to attract larger public and private investment

4

Non-grant Instruments

Concessional loans, guarantees and equity reduce investment risk and speed market uptake

5

Strategic Partnerships

Development banks, research organizations and private firms bring expertise and replication pathways

Recent GEF-8 Support to CCA Technologies

Technology transfer was a priority of both the LDCF and SCCF for 2022-2026

LDCF PRIORITY AREA 2

Strengthening innovation and private sector engagement

- *Technology transfer and innovation*
- *MSME incubation and acceleration*
- *Inclusive microfinance*
- *Risk sharing to catalyze private investment*
- *Enabling private sector action*

SCCF PRIORITY AREA 2

Strengthening innovation, technology transfer and private sector engagement

- *Technology transfer, deployment and innovation*
