

UNEP CTCN 2026 Introduction Webinar for Network Members

Background

With the network continuing to grow and attract new members, it is increasingly important to ensure that both new and existing members are familiar with its structure, priorities, and opportunities for engagement. The 2026 introduction webinar will provide key updates, present upcoming activities, and clarify procedures for bidding on technical assistance supporting members to navigate and leverage the network effectively throughout the year.

Objectives

The webinar aims to welcome new members and introduce them to the CTC Network, while also reinforcing the understanding of existing members. It will provide general updates, outline the Network's priorities for 2026, and explain the processes for bidding on technical assistance. The session seeks to ensure that members are fully equipped to participate actively and contribute to the Network's impact in advancing climate technology transfer and innovation.

Date, Duration and Format

- **Date:** 26th February 2026, 14:00-15:30 CET
