UNFCCC Technology Mechanism

CTCN Regional Forum

Session 2: CTCN TA Experience Sharing
Montevideo, Uruguay, 20 August 2018

Session2 : Speakers

- Building resilience in SIDS. Elliot, Antigua & Barbuda
- Coastal resilience. Jorge Castro, MVOTMA, Uruguay
- Electric mobility. Agustín Matteri, ROLAC. Panamá
- Circular economy. Petar Ostojic, Neptuno Pumps. Chile

Guiding questions – Session 2 TA experiences

- What was the technology addressed through the TA?
- What is the relevance of this technology at the national and regional level?
- What are/were the enablers for the successful implementation of the selected technology? How were the challenges overcome?
- What were the lesson learned that could be useful to scale up and replicate the best practices in the regional context?
- What are the anticipated impacts and follow up actions at the national level after the completion of the TA?

Guiding questions – Session 2 Experts

- What is the relevance of this technology or its transformational potential at the national and regional level?
- What are the observed technological and policy evolutions on the climate technology solutions, that qualify as best practices resulting into emission reductions, enhanced resilience and sustainable development co-benefits?
- What are/were the enablers for the successful implementation of the selected technology? How can the challenges be overcome?
- What are the key aspects to scale up and replicate the best practices in the regional context?
