

Joint CTCN UDP Regional Forum for CTCN National Designated Entities (NDEs) and TNA Project National Coordinators of Africa Region

9-10 April 2017, Nairobi, Kenya

Jorge Rogat

Long standing process under the UNFCCC - 80 countries since 2001

- Two generations: 2001 - 2008 and 2009 - present
- Process formalised by Marrakesh COP 7 and funded by the GEF
- First generation implemented by UN Environment and UNDP in 20 countries
- Deliveries: mainly TNA reports

- Second generation implemented by UN Environment in collaboration with UNEP DTU Partnership (UDP) in 60 countries.
- 34 countries Phase I (2009-2014), 26 countries Phase II (2014-2018)
- Process emanating from Poznan Strategic Programme on Technology Transfer
- More focus on implementation of Technology Action Plans (TAPs)
- Deliveries: TNA, Barrier Analysis and Enabling Environment (BA&EF), Technology Action Plans (TAPs) and Project Ideas reports

- Phase III, approved in March 2018 by the GEF, 23 more countries from small islands developing states and LDCs-
- Will be also implemented by UN Environment in collaboration with UDP
