

How to take Technology Action Plans to implementation

Joint CTCN UDP Regional Forum for
CTCN National Designated Entities (NDEs) and
TNA project National Coordinators of Africa Region

March 10, 2018

Nairobi, Kenya

Subash Dhar

Pathways to Implement TAP

- i. Expand Access to Finance
- ii. Improve Access to Products and Services
- iii. Improve Policy and Enabling Environment
- iv. Expand Capacity Building Initiatives and Collaboration
- v. Implement Information Gathering and Sharing

(Based on the possible actions defined in TAP Guidance)

Technology Executive Committee

Enhancing Implementation of
Technology Needs Assessments

Guidance for Preparing a Technology Action Plan

Results of TNA Implementation

- Based on Survey Done by UNFCCC in 2013
- http://unfccc.int/ttclear/misc/_StaticFiles/gnwoerk_static/TEM_TEC_meetings/d8024d9b950f43d594fc17fd22b5477a/b7b44ddccd6543309b6bdbfccb79a513.pdf
- Responses from 12 countries out of 21 countries that provided 40 project factsheets
- 32 implemented projects
- Project size 100 thousand to 34 million USD
- Multilateral Funders – GEF, EU, EBRD
- Bilateral Funders – Japan (JICA, NEDO), Germany (Kfw), Norway, Spain, Greece

Success Stories

Country	Sector	Funder	Output	Category
Lebanon	Water	UNDP	Pilot project	i
