

Agenda item 14

First periodic assessment of the effectiveness and adequacy of the support provided to the Technology Mechanism

CTCN-AB, 19th meeting
28–30 March 2022

Background

- COP 21:
 - decided to undertake periodic assessment (1/CP.21)
 - requested SBI to elaborate scope and modalities
- CMA 1: adopted scope and modalities (16/CMA.1)
- CMA 3:
 - initiated first periodic assessment with a view to completing it at CMA 4 (Nov. 2022)
 - requested secretariat to prepare an interim report for consideration at SBI 56 (June 2022)

Objectives

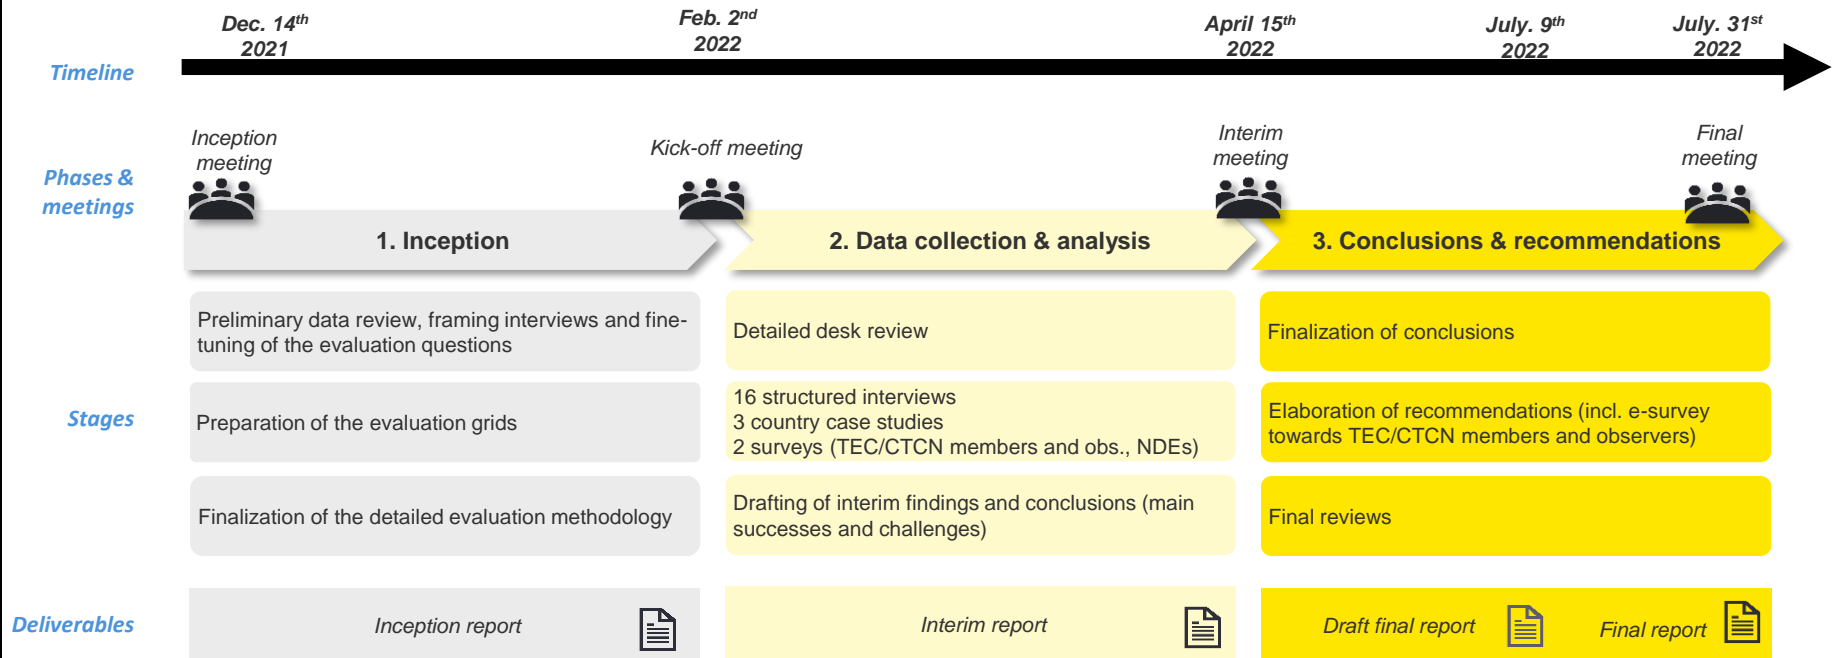

- Assess effectiveness of, and adequacy of support provided to the Technology Mechanism in supporting the implementation of the Paris Agreement on matters relating to technology development and transfer
- Develop recommendations for updating the technology framework
- Prepare an interim report summarizing interim findings of the assessment for consideration at SBI 56
- Prepare a final report summarizing findings of the assessment and recommendations for updating the technology framework for consideration at SBI 57

Parameters

- Time: assessment will cover the activities of the Technology Mechanism since the entry into force of the Paris Agreement in 2016
- Scale: assessment will be based on a global analysis, with regional or country-focused analysis when relevant
- Scope: in accordance with decision 16/CMA.1

Periodic assessment of the Technology Mechanism

Process

Next steps

- Finalise data collection & analysis stage (incl. NDE survey)
- Initiate conclusion & recommendations stage
- Prepare interim report for consideration by Parties at SBI 56 (June 2022)

Thank you!
