

10b. GEF support to CTCN and collaboration with development banks

6th Advisory Board Meeting

United Nations
Framework Convention on
Climate Change

GEF support to CTCN

- CEO approved Medium-Size Project for CTCN in June 2015
- USD 1,8 million over 3 years
- Address hand-picked CTCN requests, with special attributes
- Administratively operational; funds available
- Initiated implementation
- Pursuing leads on pre-selected requests, e.g. implement Uganda
- Working closely with International Financial Institutions, notably RDBs, on financing facilitation

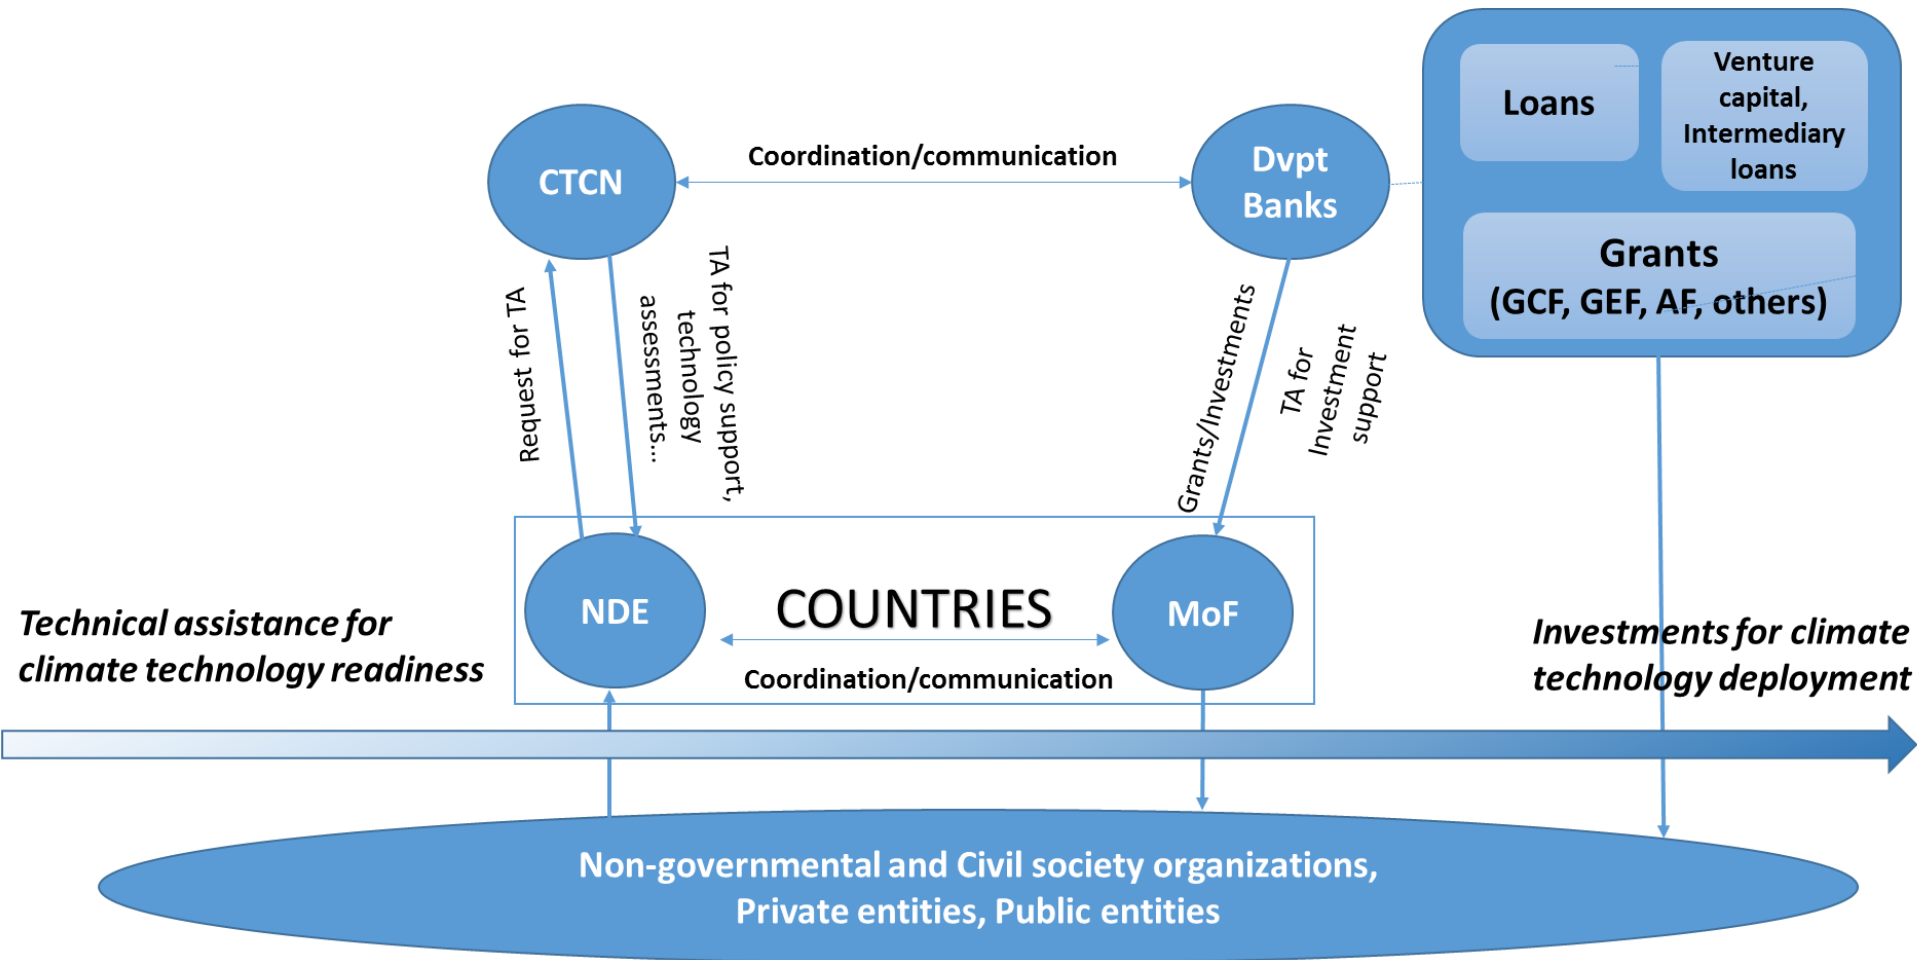

United Nations
Framework Convention on
Climate Change

Collaboration with development banks

	Countries	Banks/Investors	CTCN
WANT	Technology deployment for development	Sound investment opportunities	To support countries to deploy climate technologies for sustainable development
NEED	Funding/investments (including for technical support and policy advice)	Solid and sound projects (minimum risks)	To offer services that can foster climate technology investments in countries
ASKING	Support to access funding/finance for climate technology deployment projects/programmes	Climate technology project pipeline Climate technology appraisal expertise/skills	Specific and well targeted technical assistance requests that catalyze action and investments for climate technology deployment

Linking 'demand-driven' technical assistance to investment support

Collaboration with Regional Development Banks

- Roundtable held in Copenhagen in Oct 2014
 - Coordination of effort (TA, knowledge management, capacity building)
 - Continuous communication
- Follow up meeting at ADB in Manilla, August 2015

Climate Finance Center projects offer good opportunity to establish collaboration

Sustainability of GEF projects with RDBs on Climate Finance Centre

Need coordination at national level (role of NDE) to use CTCN strategically, i.e. dialog with Ministry of Finance/Planning/Economy

RDBs keen on pursuing collaboration under GEF-funded CTCN project to pilot approach

Role of CTCN is to lower the risk of investment and make business case

- Joint Statement and events for COP21
