

# Antigua and Barbuda NDE to the CTCN: Developing Country Perspectives

by Jamila Gregory, PMP  
Department of Environment

## About Us

- Ministry of Health, Wellness and Environment, Government of Antigua and Barbuda
- Mandated to enforce the Environmental Protection and Management Act (EPMA) 2015
- Sustainable Island Resource Framework (SIRF) Fund

- Implementation of Antigua and Barbuda's commitments to Multilateral Environmental Agreements (MEAs)
- Accredited Entity to the Green Climate Fund (GCF)

## About Us

# Engagement with the CTCN

OPERATIONAL MANUAL FOR  
THE SIRF FUND

DEPARTMENT OF  
ENVIRONMENT POLICIES AND  
MANUALS

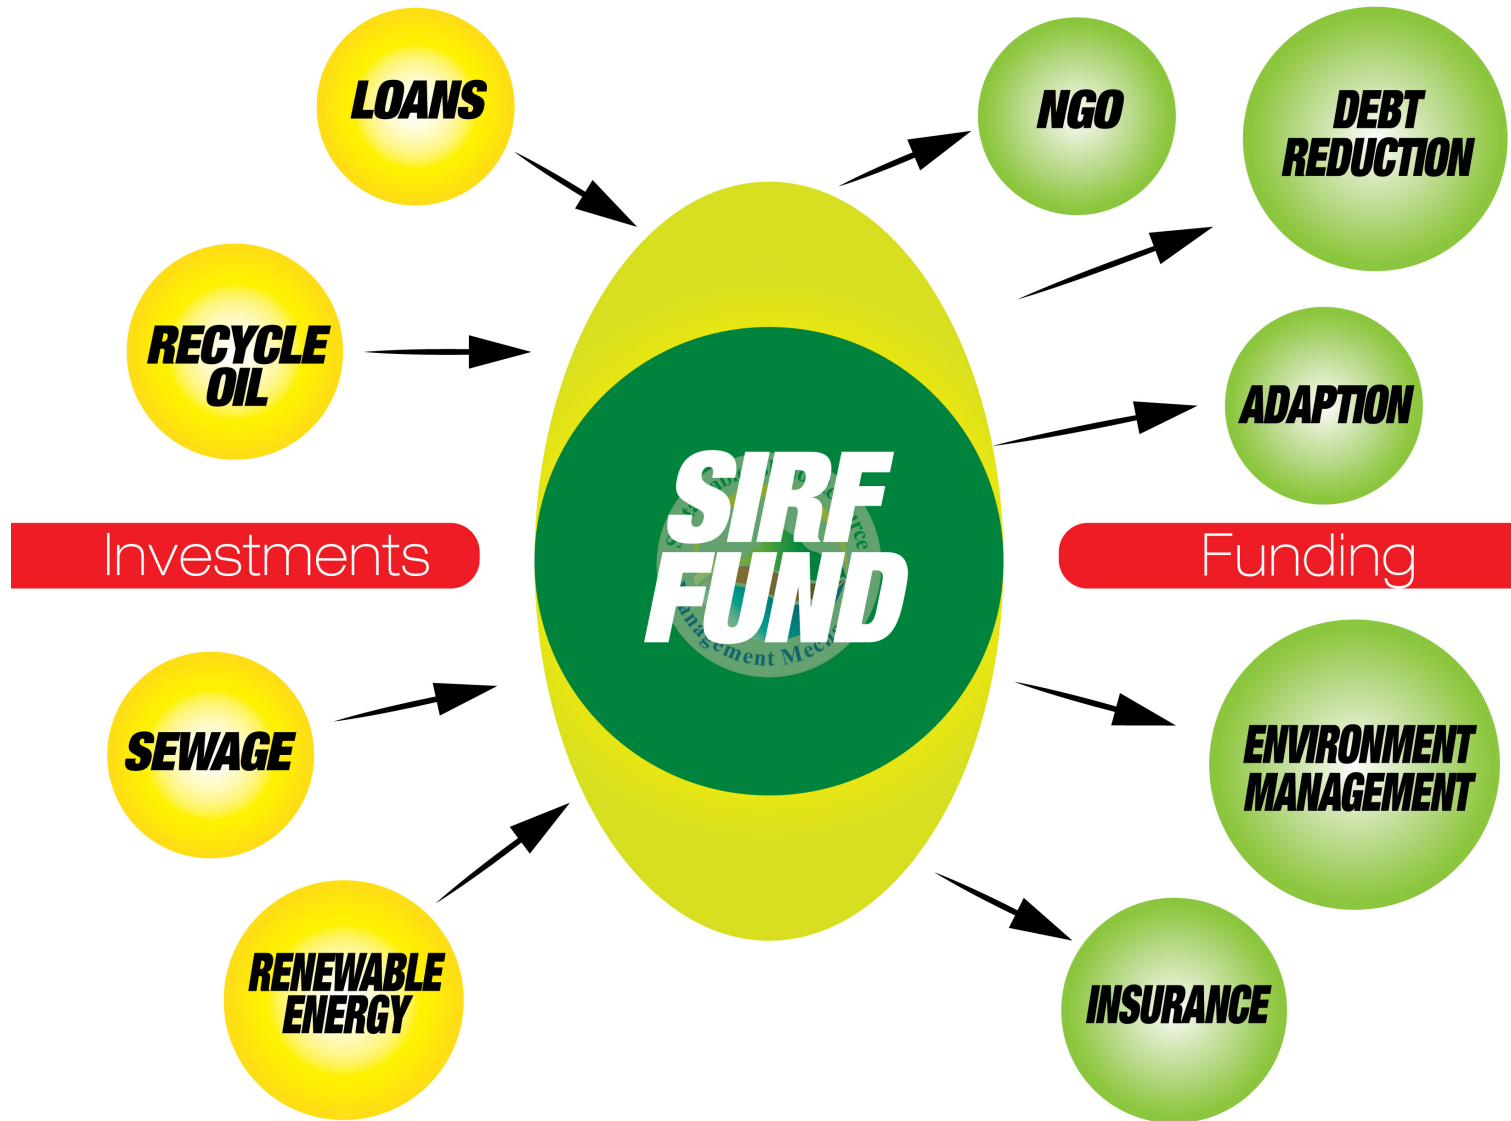

CAPACITY BUILDING FOR  
PROJECT DEVELOPMENT

TECHNICAL ASSISTANCE

# Bendals Clinic

- General Structural Repairs:
  - External walls - major crack repair
- Extreme Weather Resistance
  - Roof cover and fastening upgrades
  - Replace windows and frames
  - Replace doors and frames
- On-site electricity supply and storage
  - Rooftop or local ground mount PV
  - Li battery bank
- Off-site emergency power and supplies
- Storm water drainage
  - Storm water drainage upgrade
  - Roof guttering repair or replacement

# Benefits and Lessons Learnt

- CTCN has the ability to successfully work across different funding programmes and meet various donor requirements
- DOE intends to model CTCN approach to the DOE to build capacity within other government departments
- Build a culture for technical review of projects and programmes

# Looking Forward

- Revision of NDCs in 2020
- Revision of country programme and NIE work programme
- Multi-country technical assistance

## Recommendation:

Utilize a programmatic approach rather than assisting project by project
