- Function 2: Fostering collaboration and access to information
- Function 3: Strengthening of networks, partnerships, and capacity building
- Cross-cutting Activities: Gender, Communications and outreach
- Challenges and lessons learned

Joint Chapter of Joint Annual Report

Report of the Technology Mechanism to COP24

Joint chapter of the TEC and the CTCN report to COP24

- *The TEC and the CTCN continued to strengthen their collaboration in 2018 to enhance the work of the Technology Mechanism and catalyze actions to achieve the objectives of the Convention, the Paris Agreement and the Sustainable Development Goals.*
- *In supporting the implementation of the Paris Agreement, the TEC and CTCN advanced work on climate technology research, development and demonstration (RD&D).*
- *The TEC and the CTCN also continued to work to strengthen the linkages between the Technology Mechanism and the Financial Mechanism.*
- *The TEC and the CTCN enhanced their engagement in the technical examination process on mitigation (TEP-M).*
- *During SB 48, the TEC and the CTCN participated in the Gender Dialogue to discuss how to integrate gender in their respective workstreams.*

Looking forward...

TEC and CTCN collaboration in 2019

The TEC and the CTCN will continue to work together in 2019 to:

- respond to COP guidance and support countries to implement the Paris Agreement;
- enhance its efforts to engage with Parties as well as to strengthen collaboration with relevant stakeholders; and
- support the implementation of the technology elements of nationally determined contributions and national adaptation plans.
